

Questioner Survey on Plastic Waste Management and

Institute of Marine Sciences

University of Chittagong

Surveyor name: Md. Jakir Hosen

Date:

Location:

Name:

KII: City Corporation

Designation:

Contact Number:

Plastic Waste Management Practices

1. What are the primary sources of plastic waste in your city?

- ☐ Households
- ☐ Industries
- ☐ Markets
- ☐ Hospitals
- ☐ Schools/Universities
- ☐ Restaurants
- ☐ Other (Please specify): _____

2. How does your city corporation currently collect plastic waste?

- ☐ Door-to-door collection
- ☐ Centralized bins (street bins)
- ☐ Other (Please specify): _____

3. Do you segregate plastic waste at the source? --- Yes / No / Others_____

4. What is the frequency of plastic waste collection in different areas of your city?

- ☐ Daily
- ☐ Weekly
- ☐ Monthly
- ☐ Others: _____

Recycling and Disposal

5. How much plastic waste is generated daily in your city (in tons)?

- ☐ Less than 1 ton
- ☐ 1-5 tons
- ☐ 6-10 tons
- ☐ 11-20 tons
- ☐ Others: _____

6. What percentage of the collected plastic waste is recycled?

- ☐ Less than 10%
- ☐ 10-25%
- ☐ 26-50%
- ☐ 51-75%
- ☐ More than 75%
- ☐ Others: _____

7. Do you have partnerships with recycling units or any other organizations involved in plastic waste management?

- ☐ Yes
- ☐ No
- ☐ If yes, please specify the organizations/partnerships: _____

8. Why is garbage burned in the dumping zone?

- ☐ To reduce volume
- ☐ Lack of recycling or disposal facilities
- ☐ No better disposal alternatives available
- ☐ Other (Please specify): _____

9. What happens to the waste after it is burned in the dumping zone?

- ☐ It is left as ash or residue
- ☐ It is sent to landfills
- ☐ It is recycled or reused in some form
- ☐ Others: _____

10. How do you dispose of non-recyclable plastic waste?

- ☐ Landfill
- ☐ Incineration
- ☐ Exported to other countries
- ☐ Other (Please specify): _____

Policies and Regulations

11. Does City Corporation comply with the regulation??

- ☐ Yes
- ☐ No
- ☐ Moderately does
- ☐ Less effective

12. How are regulations on plastic waste management enforced in your city?

- ☐ Regular inspections and monitoring
- ☐ Public awareness campaigns
- ☐ Community-based monitoring programs
- ☐ No enforcement measures
- ☐ Other (Please specify): _____

Challenges and Improvements

13. What are the main challenges your city faces in managing plastic waste?

- ☐ Lack of public awareness
- ☐ Insufficient recycling infrastructure
- ☐ High cost of recycling
- ☐ Lack of effective disposal methods for non-recyclable plastic
- ☐ Limited involvement of businesses/industries in waste management
- ☐ Other (Please specify): _____

14. What strategies would you like to see implemented to improve plastic waste management in your city?

- ☐ Increased recycling facilities
- ☐ Better public education campaigns
- ☐ Stricter laws/regulations
- ☐ Investment in waste-to-energy technologies
- ☐ Public-private partnerships for waste management
- ☐ Other (Please specify): _____

Public Participation

15. Are there any community involvement programs or initiatives for plastic waste management in your city? Yes / No / Others: _____

16. How does your city educate the public about reducing, reusing, and recycling plastic?)

- ☐ Public awareness campaigns
- ☐ School programs and educational materials
- ☐ Social media and community outreach
- ☐ Other (Please specify): _____

Future Plans

17. What are your long-term goals for reducing plastic waste in your city?

- ☐ Phase out single-use plastics
- ☐ Establish comprehensive waste-to-energy programs
- ☐ Other (Please specify): _____

18. Do you have any ongoing or planned projects related to plastic waste management?

- ☐ Yes
- ☐ No
- ☐ Others: _____

Questioner Survey on Plastic Waste Management and

Institute of Marine Sciences

University of Chittagong

Surveyor name: Md. Jakir Hosen

Date:

Location:

Name:

KII: Organization _____

Designation:

Contact Number:

Overview of Plastic Waste Management

1. What is the mission of your organization regarding waste management or environmental sustainability?

- ☐ Achieve zero plastic waste to landfill/ocean
- ☐ Reduce plastic waste specifically
- ☐ Other (Please specify): _____

2. Does your organization have a specific focus on plastic waste management?

- ☐ Yes
- ☐ No
- ☐ Others: _____

Collection and Recycling Practices

3. How does your organization collect plastic waste?

- ☐ Door-to-door collection
- ☐ Collection through public recycling bins
- ☐ Collection from industries
- ☐ Collection from public spaces
- ☐ Collection from institutions
- ☐ Other (Please specify): _____

4. What type of plastic waste does your organization primarily manage?

- ☐ PET bottles
- ☐ Packaging materials
- ☐ Plastic containers
- ☐ Industrial plastic waste
- ☐ Other (Please specify): _____

5. How much plastic waste does your organization process monthly?

- ☐ Less than 1 ton
- ☐ 1-5 tons
- ☐ 6-10 tons
- ☐ Others: _____

6. Do you segregate plastic waste before processing?

- ☐ Yes
- ☐ No
- ☐ Others: _____

Recycling and Upcycling Processes

7. What technologies or methods do you use to recycle or upcycle plastic waste?

- ☐ Biodegradable plastic production
- ☐ Upcycling into new products
- ☐ Other (Please specify): _____

8. What products or materials are made from recycled plastics by your organization?

- ☐ Construction materials
- ☐ Textiles
- ☐ Automotive parts
- ☐ Furniture or home decor
- ☐ Other (Please specify): _____

9. Do you collaborate with other organizations or industries for recycling plastic?

- ☐ Yes
- ☐ No
- ☐ Others: _____

Environmental and Community Impact

10. How does your organization measure the impact of its plastic recycling initiatives?

- ☐ Environmental impact
- ☐ Volume of plastic recycled
- ☐ Public awareness metrics
- ☐ Economic impact
- ☐ Other (Please specify): _____

11. Do you run any awareness or educational campaigns about plastic waste management?

- ☐ Yes
- ☐ No
- ☐ Others: _____

Challenges and Opportunities

12. What are the primary challenges your organization faces in managing or recycling plastic waste?

- ☐ Lack of public participation
- ☐ Limited market for recycled plastic products
- ☐ Lack of awareness about the importance of recycling
- ☐ Regulatory or policy barriers
- ☐ Other (Please specify): _____

13. What opportunities do you see for scaling up or improving plastic waste management?

- ☐ Improved public education
- ☐ Investment in advanced recycling technologies
- ☐ Strengthened regulations and policies
- ☐ Other (Please specify): _____

Policy and Partnerships

14. Does your organization collaborate with local governments, NGOs, or private companies for waste management?

- ☐ Yes
- ☐ No
- ☐ Others: _____

15. Are there any policies or regulations that help or hinder your plastic recycling efforts?

- ☐ Yes
- ☐ No
- ☐ Others: _____

Future Goals

16. What are your long-term goals related to plastic waste management?

- ☐ Increase plastic recycling rates
- ☐ Develop innovative products
- ☐ Educate and engage communities
- ☐ Other (Please specify): _____

17. Do you plan to introduce any new technologies, products, or initiatives in this field?

- ☐ Yes
- ☐ No
- ☐ Others: _____

Questioner Survey on Plastic Waste Management and

Institute of Marine Sciences

University of Chittagong

Surveyor name: Md. Jakir Hosen

Date:

Location:

Name:

KII: Specialist/Expert

Designation:

Contact Number:

1. What do you think are the main sources of plastic pollution in the oceans?

- ☐ Industrial waste
- ☐ Household waste
- ☐ Fishing activities
- ☐ Tourism
- ☐ Others: _____

2.How concerned are you about plastic pollution in marine environments?

- ☐ Not concerned at all
- ☐ Slightly concerned
- ☐ Moderately concerned
- ☐ Very concerned
- ☐ Extremely concerned

3. Do you think governments are doing enough to address plastic pollution in marine environments?

- ☐ Yes, they are doing enough
- ☐ They are taking some actions, but more needs to be done
- ☐ No, they are not taking sufficient actions
- ☐ Others: _____

4.Rate how likely are you to support initiatives aimed at reducing plastic pollution in the oceans?

1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	----

5. Which of the following initiatives would you support to reduce plastic pollution in marine environments?

- ☐ Increase recycling
- ☐ Ban single-use plastics
- ☐ Promote biodegradable materials
- ☐ Enhance public awareness
- ☐ Others: _____

6. How effective are international agreements in addressing marine plastic pollution?

- ☐ Highly effective
- ☐ Moderately effective
- ☐ Slightly effective
- ☐ Ineffective
- ☐ Not sure

7. What role do you think individuals can play in reducing plastic pollution in marine environments?

- a.**
- b.**
- c.**

8. Rate the impact of plastic pollution on each aspect of marine life.

	No impact	Moderate impact	Severe impact
Biodiversity			
Aquatic Organisms			
Coral Reefs			

9. Rate the effectiveness of current policies in managing plastic pollution in BD on a scale of 1-5.

★ ★ ★ ★ ★

10. How effective is satellite data in aiding clean-up operations by pinpointing high concentration areas of plastic waste?

- ☐ Highly Effective
- ☐ Moderate
- ☐ No Effect

11. Do you think reducing plastic pollution in marine environments should be a top priority for governments and organizations worldwide?

- ☐ Yes, definitely It should be one of the top priorities
- ☐ It is important, but there are other pressing issues as well
- ☐ No, there are more important problems to address
- ☐ Others: _____

12. Which of the following do you think are effective methods for organizations to collaborate in combatting plastic pollution in marine environments?

- ☐ Sharing knowledge and best practices
- ☐ Allocating funding for joint initiatives
- ☐ Developing and implementing international agreements
- ☐ Engaging in research and development of innovative solutions
- ☐ Creating partnerships with NGOs and local communities
- ☐ Others: _____

13. What are your suggestions for reducing plastic pollution in marine environments?
